Why Have an Inspection?

Real estate is usually the largest investment most people ever make. A home inspection can help you make an informed decision.

More than a report on the condition of a home, it is an education to the buyers on understanding and maintaining their new investment.

Components covered:

- Exterior home site
- Building foundation
- Exterior home walls
- Roof coverings, flashings & gutters
- Roof support structure
- Attic
- Basement
- Insulation quality
- Garage
- Electrical
- Visible interior and exterior plumbing
- Central air and heating system
- Appliances

Comprehensive Inspections provides high quality services from knowledgeable professionals to help give you peace of mind when buying or selling your property.
